

NQ1318

Fire Alarm Bell

◆ Features

- Bell shell is made of aluminum alloy with nylon base, makes weight much lighter, anti-rust and long operating life.
- Motor energized, low power consumption.
- IP44 design for Indoor/Outdoor use.
- High sound output (90dB/m and more)

◆ Specification

Model	NQ1318
Type	24V DC
Voltage	-25°C~+70°C
Alarm Current	under 20mA
Sound Output	75dB / 3m and more
Ingress Protection	IP33(EN) IP44(CE)
Operating Type	DC Motor
Dimensions	Ø 6" (150mm)x64mm(H)
Weight	About 420 g
Material	Gong : Aluminum alloy Base : Nylon
