

NQ1318

Fire Alarm Bell 6" (Outdoor Type)

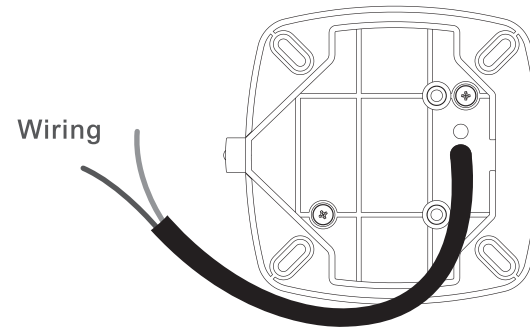

◆ Features

- Light weight (Aluminum gong and Nylon material base).
- Low current consumption (alarm current under 20mA).
- Weatherproof application IP33(EN) IP44(CE).

◆ Wiring

Leads for connection to fire alarm control panel's terminal.
(Polar-red wire to the positive terminal)

◆ Specification

Model	NQ1318
Voltage	24V DC
Ambient Temperature	-20°C~+70°C
Alarm Current	Under 20mA
Sound Output	75dB / 3m and more
IP rating	IP33(EN) IP44(CE)
Movement Features	DC Motor
Dimensions	∅ 6" (150mm)x64mm(H)
Weight	About 420g
Material	Gong:Aluminum alloy, Base:Nylon

P/N : 1O.NQ1318.M01 Ver.A
